### **Minutes of Third Board of Studies (BT) Meeting**

The Third board of studies meeting of Biotechnology department was convened under the Chairmanship of Dr. K. Subramanian, HOD/BT of P.S.R. Engineering College in Biotech Lab (Molecular Biology Laboratory) on 18<sup>th</sup> April 2015 at 10.30 AM.

After a warm welcome by the Chairman Dr. K. Subramanian, the internal members were introduced to the University nominee Dr. P. Gautam and other External members (Dr. R. karthikeyan (Academic Expert), Er. G. Karthikeyan (Industrial Member) and Er. H. Harikrishnan (Biotech Alumni))

#### **Item. 1: Compliance of Minutes of last Board of Studies and Academic Council Meetings**

The Chairman outlined the minutes of the 2<sup>nd</sup> Board of studies meeting; draft syllabi/curriculum for the 3<sup>rd</sup> to 8<sup>th</sup> semester was tabled before the members for further discussion and suggestion.

Dr. P. Gautam opined that six theory and two practical's in each semester will be ideal and comfortable for learning instead of 6+3 or 6+4\* (\* considering the inclusion of Language lab up to 6<sup>th</sup> semester). It was clarified to the expert member that English language lab up to 6<sup>th</sup> semester with one credit each was accepted as a common feature for all the programmes by the academic council. He also suggested only project course work during VIII semester and inplant training for 14days fetch the credit of a course work. These matters were discussed in third academic council meeting of P.S.R. Engineering College and members suggested to maintain the curriculum pattern uniformity.

#### **Item.2: Suggestions for improvement in Syllabi and implementation of CBCS**

The expert members of board of studies suggested some valid modifications in the existing and coming new curriculum pattern.

- o Member suggested that instead of "English for Employment" it can be modified as "Communication Skills and Development / Technical English "for V and VI Semester.
- o University nominee also suggested instead of Engineering Physics –I &II and Engineering Chemistry – I&II in the first year concisely to be planned as Engineering physics and Engineering chemistry in 1<sup>st</sup> semester and introduce a new course as "applied chemistry" in 2<sup>nd</sup> semester under new regulation.

- o Further, the number of courses per semester is to be 5 theories + 2 laboratories or 6+1 under CBCS module.
- o Members were not recommended the implementation of CBCS system based course in existing regulation (Regulation 2012) and suggested to implement in new regulation from V semester onwards.
- o Member's suggestion is to follow the Grade system in all aspects of valuation.
- o They suggested introducing Elective papers from Semester V onwards under CBCS pattern.
- o Members suggested grouping the Courses under selective categories such as Professional Course (PC), Professional Elective (PE) and Open Elective (OE) as per CBCS norms.
- o Members suggested modifying the L T P C pattern for courses as per CBCS module.
- o Board members suggested modifying the course name Bioethics to Bioethics and IPR.
- o Nominees are suggested to merge the List of Electives under particular group.
- o Board members advised to remove Elective courses from VIII<sup>th</sup> Semester and keeping project work alone in the proposed new curriculum pattern, further recommending allow the student to take 8<sup>th</sup> semester elective papers in previous semester (7<sup>th</sup> semester) and students to be concentrate on their project work during 8<sup>th</sup> semester in the existing regulation (Regulation 2012).

*After discussion it was resolved to present these suggestions in the academic council for approval or otherwise.*

At the end of the meeting the Chairman thanked all the members.

The Meeting was concluded at 1.00 PM
