

P.S.R. ENGINEERING COLLEGE
(An Autonomous Institution & ISO 9001: 2008 certified Institution)
Sevalpatti – 626140, Sivakasi
Virudhunagar District, Tamilnadu

Core Values

1) Quality

PSREC provides educational programs that lead to the acquisition of knowledge and skills necessary to achieve career advancement, personal enrichment, leadership, and service to the community. Assessment of Practices, policies, and procedures is done on an ongoing basis to strengthen the overall effectiveness of curriculum, instructional delivery, and operations. We insinuate to promote the Institution towards “Challenging the Competitive World” by developing core values characterized by Skill Reputation, Ingenuity Brilliance, Distinct Prototype and Community Equity.

2) Teamwork

Any single person or idea cannot solve complex challenge but instead if he or she works together as a team it creates a greater impact than any one individual can accomplish alone. To foster that, students are provided with an opportunity to work in project teams, right from first semester. When they move on to higher semesters, they work in groups to formulate new ideas and participate in various technical events and competitions in and outside the college.

3) Transparency & Integrity

Our Institution conducts all activities in an ethical manner. It is committed to practices that are fair, honest and objective in dealing with students, faculty members, staff, and stakeholders at all levels of the community. Trustworthiness, Honesty, Fairness, Respect and Responsibility plays a vital role in the success of our Institution. Our Institution honours truthful feedback, a climate of mutual trust encouraging free exchange of ideas, fairness of the interaction of students, faculty and administrators, recognizing participatory nature of learning process. Trustworthiness practiced by our Institution creates the most value for the populations it serves.

4) Societal Services

PSREC inspires the stimulating value of Community Equity upon everyone in the Institution and Neighborhood-communities that work towards advancing a social order that cares of the disadvantaged and works for societal up-lift. Our Institution provides information, help, and other resources to people seeking equality, and educates people who may or may not directly experience discrimination. It regularly elevates the needs of others above its personal interests and use their skills and knowledge (from education and experience) to help the society.

5) Woman Empowerment

Our Institution strives to upgrade the comfort of female students, teaching and non-teaching women faculty of the institution and provide learning and working environment, which is dignified and congenial. We empower our women to face the upcoming challenges both mentally and physically thereby leading them to be financially independent and promote a culture of self-respect and equality.
